Ignite the Hunger in You: How to Develop Your Greatness and Ignite Humanity

Amazon International Bestseller in multiple categories

It was such an honor to work with the number one motivational speaker on the planet, Les Brown, publisher JB Owen and 34 other authors to bring you this book filled with inspiration, encouragement, and transformation.

My story in this book is titled “The End of Me” and my story begins with the quote “sometimes, the right thing to do is the hardest. We’ve all had to make difficult decisions. Sometimes we can make these decisions with much deliberation. Other times, a decision can be thrust upon us seemingly out of nowhere. In this book, I shares my experience navigating life after the implosion of my 28-year marriage, an event that left me feeling like Humpty Dumpty, shattered, with all of my little bits and pieces strewn about. But this is not a story of destruction. It’s a story of hope, something we often lose sight of when facing a personal crisis. I want to remind you to never lose sight of hope as she is a fine travelling companion as we traverse the winding road of recovery which leads us to the unimaginable gift of renewed self-discovery.

It was a pleasure to work with publisher JB Owen and 34 other authors all of whom graciously shared their stories of powerful awakenings and triumphant new beginnings that ignited our growth.

The title of my story in this book is “Raise Your Awareness, Elevate Your Life® and, in it, I share the benefits gained by stepping out of your story and into your authentic life. How do you do that? You step off of the treadmill that is currently your life and pay attention to what calls to you from deep within. Trust me. Whatever your story is, it can be replaced or enhanced with a better one. If you are living your problems daily rather than creating a life that aligns fully with your heart and soul, you’ll want to read this story and discover what I believe is the ‘secret sauce’ to life.

Wickedly Smart Women: Trusting Intuition, Taking Action, Transforming Worlds

Amazon International Bestseller in multiple categories

What a pleasure to work with the Anjel B. Hartwell, publisher Lynda Sunshine West and 14 other women who all bravely shared their stories of awakening to their power.

In my story, Whispers of the Soul, I share my journey of recognizing, trusting, and following my intuition. We can all step into an intimate relationship with our innate gifts. I’ve been guided to many possibilities in my life by listening to these gentle prompting in lieu of being a faithful servant to my mind. I provide a few tips on turning down the volume of your thoughts so you can hear the little voice I’m certain is speaking to you too!
